REMOVAL OF 299-SQ-FT LIMITATION FOR DOWNSTAIRS

STORAGE EFFECTIVE TODAY Feb. 4th

The Monroe County Board of County Commissioners voted to eliminate the longstanding 299-square-foot limitation for enclosed storage space below elevated homes in unincorporated Monroe County, as well as the requirement for an inspection at the time of sale.

County code amendments to formalize these changes take effect today, Feb. 4. Those seeking to construct more than 299 square feet of space under their homes may submit building permit applications now. Applications can be found at www.monroecounty-fl.gov/permitting.

Under the new changes, downstairs enclosures must still be used only for limited storage, parking, or access to the building. They cannot be converted into habitable living space under federal floodplain regulations. Property owners seeking permits to expand storage enclosures will continue to be required to sign a recorded non-conversion agreement that documents allowable uses and ensures future buyers have a clear record of permitted improvements.

“This is a major step forward for Monroe County residents,” said Growth Management Director Emily Schemper. “Removing the size restriction gives homeowners more flexibility while maintaining compliance with federal flood regulations that protect our community.”

THIRD EYE Things Not Fit For PRINT!!

NO FISH!!A blonde wanted to try out ice fishing. She went out and purchased all the gear she would need and headed to a local spot to try to catch some fish.

She went out onto the ice with her gear and after getting comfy on the stool, she started to cut a circular hole in the ice as she had seen on the internet. As she was cutting, she heard a voice from the heavens speak out, saying, **“THERE ARE NO FISH UNDER THE ICE.”**

The blonde was startled. She stood up and looked around but saw no one. Cautiously, she moved a little further out onto the ice and set up in a different spot. She sipped some hot chocolate from her thermos and then started cutting another hole. Again, the voice called out, seemingly from all around her.

“THERE ARE NO FISH UNDER THE ICE”

Now feeling quite scared and starting to get a bit frustrated, she moved all the way to the far end of the ice and laid out all her gear, sat upon her stool and started cutting another hole. Right away, the heavenly voice boomed out, this time louder than ever, **“THERE ARE NO FISH UNDER THE ICE!”**.

She jumped off her stool and looked all around her. She shouted to the heavens, **“IS THAT YOU, LORD?”**

The voice answered, **“NO. THIS IS THE MANAGER OF THE ICE SKATING RINK.**

THERE ARE NO FISH UNDER THE ICE!”

Mile Markers – What's the Deal?

US 1 is used to travel the islands of the Florida Keys.
 Location: along the highway are expressed by Mile Marker numbers. The ZERO Mile Marker is found in Key West. Mile Marker numbers continue to increase until the pass through the Monroe County line at Mile Marker 112, north of Key Largo. Look for small green signs with white numbers posted at each mile along US 1 (these used to be the original mile posts installed along the old railroad bed).
 Special note: Mile marker references are commonly used in local addresses. When there is a B or O this denotes either Bayside (north-Gulf of Mexico side) or Oceanside (south-Atlantic Ocean side) location.

THIRD EYE Things Not Fit For PRINT!!

WHAT'S THE DEAL?

When my wife and I arrived at a car dealership to pick up our car after a service, we were told the keys had been locked in it.

We went to the service department and found a mechanic working feverishly to unlock the driver's side door.

As I watched from the passenger side, I instinctively tried the door handle and discovered that it was unlocked.

'Hey,' I announced to the technician, 'its open!'

His reply, 'I know. I already did that side.'

The pedestrian light on the corner beeps when it's safe to cross the street.

I was crossing with an 'intellectually challenged' co-worker of mine.

He asked if I knew what the beeper was for.

I explained that it signals blind people when the light is red.

Appalled, he responded, 'what on earth are blind people doing driving?!'

He is a government employee.....

Let's Support LOCALLY!

From the Nurse's Corner

Get Ready for Spring Break!

Florida is a great place to spend spring break, from its warm sunny weather to beautiful beaches and interesting people. Like many places, however, it can be incredibly crowded during spring break, which means it's a good idea to take extra precautions when it comes to traveling safely.

According to the Florida Sheriff's Association, Here are seven safety tips to keep in mind if you're spending spring break in Florida this year.

1. Plan Ahead. It's always a good idea to do research before you travel on vacation, and that is especially true if you're planning to spend spring break in Florida. Before you leave, know where you will be staying, whether you can park there and how you will be getting around during your trip. It's also a good idea to be familiar with local laws and emergency numbers before you

leave.

2. Share Your Itinerary. It's a good idea to share those plans with a trusted family member or friend, it's safer for someone back home to know where you plan to be. This includes the address of where you will be staying and who you will be traveling with during your vacation.

3. Stick Together. It might feel silly to use the buddy system It's always safer to stick with a friend. Whether your plans for spring break in Florida include a night out, a trip to the pool or a day at the beach, you should always plan to bring someone with you. Never go to any of these places alone, particularly at night!

4. Don't Overshare. Online Sharing too much online can be a safety risk, however. If you have a public social media account, it's not a good idea to be posting where you

are staying, tagging your location or sharing any other details about your current whereabouts. Consider waiting to share the pictures until you return home, or making your account private for the duration of your trip.

5. Leave Valuables at Home. Bringing valuables can make you a target for theft when traveling anywhere, and Florida is no exception. While some valuable items (such as a phone or other technology) are necessary for travel, items such as jewelry or expensive bags might be better left at home. NEVER leave items unattended!!

6. Drink Responsibly. The legal drinking age in Florida is 21. That means if you are under that age, you should not be consuming an alcoholic beverage of any kind during spring break. Underage drinking is a second-degree misdemeanor in

Florida Buying alcohol for any individual under 21 years old is also illegal in Florida. Drinking and driving in Florida can result in costly fines, license revocation and even jail time. It just isn't worth it. To enjoy spring break responsibly, plan ahead for a ride share service or designated driver.

7. Trust Your Instincts. Gut feelings are there for a reason- listen to your intuition and remove yourself from the situation. It's better to err on the side of caution than to put yourself in danger. If you see anything suspicious, call 9-1-1 or contact local law enforcement immediately.

Spring break is a great time to have fun- but also be smart and stay safe.

From everyone here at the Time Out Magazine, The Nurse's Corner, have a healthy and SAFE month of March!

MONROE COUNTY FIRE RESCUE TO HOST ANNUAL EASTER EGG HUNT ON MARCH 25 AT BIG COPPITT FIRE STATION

Hosting its annual Easter egg hunt on Wednesday, March 25, at 6 p.m. at the Big Coppitt Fire Station, 28 Emerald Drive. The Easter Bunny will be on-site for pictures after hiding thousands of eggs and one “special” golden egg for kids to find.

Children can tour a fire truck, meet on-duty firefighters, and safely help firefighters put out a pretend house fire. Snow cones and fire prevention material will be available. Monroe County Sheriff’s Office Animal Farm will also be in attendance.

“This event has become a favorite tradition for our firefighters and the families we serve,” said Fire Chief R.L. Colina. “It’s a great opportunity for kids to have fun, meet their local firefighters, and learn simple ways to stay fire safe.”

For more information, call 305-289-6005 or email moeller-mary@monroecounty-fl.gov.
