CELEBRATING 36 YEARS!

*** 20***

SEPT. 2024

TimeOutMagazine.com

From the Nurse's Corner

by Stephanie Irvin R.N.

September is National Preparedness Month

Sponsored by Federal Emergency Management Agency as a reminder that disasters can strike at any time and it's good to have a plan!!

The threat of hurricanes is very real for Florida during the six-month long Atlantic hurricane season, which runs from June 1 until November 30.

The peak of hurricane season occurs between mid-August and late October, when the waters in the equatorial Atlantic and Gulf of Mexico have warmed enough to help support the development of tropical waves.

A common misconception in Florida is that there are

parts of the state that do not get hurricanes. Since 1850, all of Florida's coastline has been impacted by at least one hurricane. And regardless of where the hurricane makes landfall in the state, the impacts can be felt hundreds of miles away.

The National Safety Council recommends the following general precautions that apply to many disaster situations:

- Make sure at least one family member knows first aid and CPR

- Download the FEMA app for resources, weather alerts and safety tips

- Have a family communication plan in place; all members of the family should review and practice the plan

- Have all family members' and other important phone numbers written down or memorized

- Have an emergency kit in your car and at least three days of food and water at home

- Be sure to store all

important documents – birth certificates, insurance policies, etc. – in a fire-proof safe or safety deposit box

- Know how to shut off utilities

If you have no family or friends, reach out to your neighbors, your local church or health department so that you can have a plan, if and whenever disaster strikes.

From all of us here at The Time Out Magazine, The Nurse's Corner, have a safe and happy month of September.

2024 FALL LECTURE SERIES

Land to Sea, Large to Wee: Rescue's Place in our Community

The Florida Keys beauty is unparalleled - an environment worth protecting. In our fall lecture series, we will highlight how rescuing wildlife is an integral strategy to safeguarding the home we all love.

From the smallest of animals (corals) to the largest (whales), many organizations are at work in our own backyards to rescue and protect various local marine habitats and species. During this lecture series, you will hear from expert representatives from The Florida Keys Wild Bird Center, I.CARE, and Dolphins Plus Marine Mammal Responder.

The Protect Center is proud to host this **FREE** lecture series at the all new Pearse Education Lab this Fall.

Mark your calendars and join us as we help facilitate connections that lead to action!

Mile Markers – What's the Deal?

US 1 is used to travel the islands of the Florida Keys.

Location: along the highway are expressed by Mile Marker numbers.

The ZERO Mile Marker is found in Key West. Mile Marker numbers continue to increase until the pass through the Monroe County line at Mile Marker 112, north of Key Largo. Look for small green signs with white numbers posted at each mile along US 1 (these used to be the original mile posts installed along the old railroad bed).

Special note: Mile marker references are commonly used in local addresses. When there is a B or O this denotes either Bayside (north-Gulf of Mexico side) or Oceanside (south-Atlantic Ocean side) location.

MONTILLO “SCOTT” DESQUOTTE RECOGNIZED FOR 25 YEARS OF SERVICE/ EMPLOYEE MILESTONES FOR AUGUST

MONROE COUNTY, FL— The Monroe County Board of County Commissioners recognizes its long-term employees for their contributions to the citizens of the County. See below those celebrating milestones this month.

25 Years: Montillo “Scott” Desquotte, Upper Keys Roads Department

20 Years: Tina Boan, Director of Management & Budget

Mike Manash, Monroe County Fire Rescue

10 Years: Ritchie Wright, Key West Airport Facilities & Construction

5 Years: Corey Aitken, Permit Services

Joshua Carmichael, Monroe County Fire Rescue

Luke Ptomey, Monroe County Fire Rescue

Jake Werner, Monroe County Fire Rescue

On Wednesday, the Monroe County Board of County Commissioners proudly recognized Montillo “Scott” Desquotte for 25 years of service. Desquotte was hired by the Roads and Bridges Department as a maintenance worker in 1999. In less than a year, he was promoted to an assistant specialist trustee coordinator and several more promotions followed in short order – to heavy equipment operator in 2001, and to his current position of foreman in 2005.

Like his promotions, thanks for jobs well done began soon after he was hired and have continued throughout his time at the County. His file is full of many letters of praise from residents as well as other county departments for work completed quickly and well. In addition, in 2014, he was voted employee of the third quarter and employee of the year for his quick response to cries for help while he was working, which resulted in him saving the life of an infant girl.

His construction skills, his expertise as a heavy equipment operator, and his commitment to SAFETY is exactly who we look for at Monroe County.” said Director of Engineering and Roads Judy Clarke.

“We Thank Him for his service to the citizens of Monroe County!”

A GOLFER'S LOVE STORY... (Happy Grandparents Day!)

An elderly couple were having dinner one evening when the husband reached across the table, took his wife's hand in his and said, "Martha, soon we will be married 50 years, and there's something I have to know. In all of these 50 years, have you ever been unfaithful to me?" Martha replied, "Well Henry, I have to be honest with you. Yes, I've been unfaithful to you on three occasions during these 50 years, but always for a good reason. Henry was obviously hurt by his wife's confession, but said, "I never suspected. Can you tell me what you mean by 'good reasons'?" Martha said, "The first time was shortly after we were married, and we were about to lose our little house because we couldn't pay the mortgage. Do you remember that evening I went to see the banker and the next day he notified you that the loan would be extended?" Henry recalled the visit to the banker and said, "I can forgive you for that. You saved our home, but what about the second time?" Martha asked, "Do you remember when you were so sick, but we didn't have the money to pay for the heart surgery you needed? Well, I went to see your doctor one night and, if you recall, he did the surgery at no charge." "I recall that," said Henry. "And you did it to save my life, so of course I can forgive you for that. Now tell me about the third time." "All right," Martha said. "So do you remember when you ran for president of your golf club, and you another 73 more votes?"

Maximizing Your Home's Appeal: The Role of Buyer's Agent Compensation

As the top real estate agent in Marathon, Florida, I'm excited to share some insider knowledge that could dramatically impact your home sale. Here's why offering a buyer's agent commission is not just smart - it's essential for maximizing your property's potential:

🏠 Motivate More Showings

Buyer's agents are driven by commissions. By offering compensation, you're putting your home at the top of their show list. More showings = more potential buyers!

💰 Attract More Offers

Did you know 75-80% of buyers come through other agents? Don't miss out on this massive pool of potential buyers. More offers often lead to better prices!

💎 Smooth Sailing Negotiations

Upfront commission offers streamline the entire process. No last-minute haggling means faster, smoother closings.

💎 Achieve Top Dollar

Incentivized agents work harder to sell your property. This extra effort often translates to a higher final sale price.

★ Full Team Commitment

When both listing and buying agents are fairly compensated, you get the full force of the real estate market working for you.

Ready to position your property for maximum success? Let's chat about how we can use smart commission strategies to get your home sold fast and for top dollar.

Call me today - let's make your home sale a win-win for everyone involved!
